

Where there's a will . . .

. . . there is peace of mind.

Although none of us likes to think that we won't be around for ever, once we have a family it makes sense to prepare for the worst.

Did you know that parents in a staggering 82% of households¹ with dependent children had not made a will?

The fact is that in the unfortunate circumstance that a child is left without parents, where those parents had not made a will it would be up to the courts to decide who would take care of them.

So, in order to help parents to take this important (but sometimes daunting) step, The Children's Mutual now offers access to a will-writing service that is straightforward and jargon-free.

Working with Flint Bishop Solicitors², we hope to make the process of securing a child's future, in the absence of parents, simpler. Flint Bishop will help parents to make decisions now about what they would like to happen in the future. They'll be guided through every step with the aim of ensuring the final will is precisely what they need.

Information and advice in choosing the right will is free. Parents can apply online, by post, or over the phone direct with Flint Bishop – whatever makes them feel most comfortable. They can even request a home visit if preferred.

Wills start from as little as £50.00 + VAT, and can be prepared in 24 hours.
